Attention **DAIKIN** Dealer

SIMPLIFY YOUR DAILY BUSINESS OPERATIONS
OneDios for Business Partners - a powerful app for **Daikin** dealers

About OneDios

OneDios is a collaboration platform to bring customers closer to channel partners and their OEMs.

About Daikin and OneDios tie-up

Daikin has tied up with OneDios to provide an application to their channel partners so that they are able to run their operations more efficiently.

Benefits

Know your customer

Realtime customer address and info updation. No need for data re-entry if customer already exists.

Real Time Data entry and View

No need to update separate sheets /reports or need to send these to Daikin in the evening.

One-Click Product registration and Installation

- Register and submit installation request at the click of a button. No more duplication.
- No call center follow-up required
- More time to focus on SALES!
- Improve customer satisfaction - View On-Demand status of installation requests

Intuitive Dealer Dashboard

On Demand access to Daikin and all other brand sales and installation data that you sell from your establishment. Wide variety of other downloadable insights

Agile & Profitable Operations

Increase speed of operations and transactions. No duplication of work. No additional day-end reporting to Daikin.

OneDios is built to help you focus on the important things in your business i.e. your staff, business growth, and most importantly, building strong customer relationships by providing world class service.
